

Swim Ontario Online Registration Program

Swim Ontario registration data is **confidential information**. We do not divulge the information to outside agencies, and always exercise our best judgement when asked for contact information from people outside the Ontario swimming community.

We value the privacy of our members, and we want to extend our concern to the internet, as we move our registration system online. As before, the club registrar is the custodian of the registration data for each club, and only the registrar should have full access to it.

Registrars will be given password-protected access to club data, and they should exercise the same good judgement they always have. The waiver below is meant to formalize this concept.

Upon receipt of the fully completed form, the registrar will be given access to the site with the email address provided below.

Waiver

As registrar for my club, I agree that I will not share my password with anyone without the consent of the Executive Director of Swim Ontario. I will use the system as it is intended: for the purposes of maintaining the club registration data with Swim Ontario.

Signed:

Club (Please PRINT legibly!) _____
